

# NORTHERN MICHIGAN ANTIQUE-FLYWHEELERS Club

## MEMBERSHIP APPLICATION

The club was founded in 1988 by an all-volunteer membership with a small percentage of things being done by outside help. We are proud of this tradition and can only continue in this manner by maintaining a quality membership. Volunteers have done everything on our showgrounds to this point with only a minimum amount of materials being purchased. The majority of the construction material have been done on our own sawmill, and buildings have been erected by the members. Much talent is needed to run this organization, such as kitchen preparation, music, demonstrations, parking, registration, and so on.

When the charter members decided on a name for our organization, they choose to insert a hyphen between *Antique and Flywheelers* so everyone would understand that our club is not limited to tractors, but also antiques and the old-fashioned way of doing things.

Joining the NORTHERN MICHIGAN ANTIQUE- FLYWHEELERS CLUB brings not only privileges such as the use of the grounds, and its facilities, but also commitments and duties. The operations of the club, such as the annual shows, new projects, and general maintenance and up-keep, are performed by volunteers of the club.

By becoming a member of the club, you agree to become an active member of the club with all its privileges and commitments, including attendance of the membership meetings and volunteering freely of your time and resources so that we may continue on in the tradition that has brought us to where we are today.

Because of the number of applicants wanting to join our club we find it necessary to restrict the applications to sincere and dedicated future members who are willing to do their fair share of the many jobs by volunteering freely of their time. PLEASE BE SURE THAT THIS IS A COMMITMENT YOU ARE WILLING TO TAKE SERIOUSLY.

### **The following passage is taken from our by-laws:**

ARTICLE #3: MEMBERSHIP: B. Prospective applicants MUST BE PRESENT at two (2) regular meetings before board approval. At the following membership meeting, the membership will vote, needing a two-thirds (2/3) majority vote for approval.
